

## USER INTERFACE

External membrane keyboard with graphic display

Service / programming internal keyboard with digital display

Language change function

Easy programming of drink menu

## DESIGN

Stainless steel structure

A pull-out holder for a small cups

Spout height mm 150

## TECHNICAL INFORMATION

24VDC devices

Counter to block the consumption

"table top" installation or request additional base cabinet

Direct water feed

Direct water connection ¾ gas

Counter to block the consumptions

## INFORMATION

Supplying 3 products at the same time

## CAPACITY

9 selections

Boiler capacity: 12Lt

## TECHNICAL DATA

Voltage: 220V/50Hz – 120V/60Hz

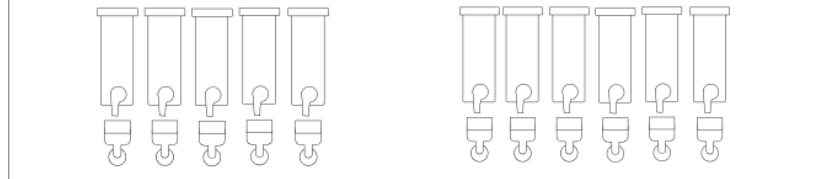

Power: 3570W

Weight: 50,5 Kg

Dimensions: L50 X H77 X P54

## SETUP

Coffee Group
